

LIVE UNITED™

CREATE A BUZZ IN YOUR WORKPLACE

1. **“Say Cheese”**- Set up a photo shoot at your workplace. Have LIVE UNITED t-shirts of different sizes on hand. Pose people in front of backdrops, and then email them their photo. Post them everywhere! Just make sure you get a photo release!
2. **“Dec out your Desk”**- Create a LIVE UNITED computer screensaver, customized to your company. Make it available for individual users to download. This is a simple, yet highly effective way to communicate the message that your company is working to LIVE UNITED.
3. **“Jeans for a cause”**- Have a dress-down day at work by selling casual day passes. You can play off this idea and have themed weeks too for your employees, such as days to wear “crazy socks” or your favorite sports team attire.
4. **“Thank You Grams”**- Share your hobbies or baking expertise with fellow employees. Send a LIVE UNITED thank you gram. Have some samples at a central point in your office to promote the cause and offer ideas. Try making cupcakes with LIVE UNITED written in frosting on them.
5. **“Balloon Pop”**- Before filling a balloon with helium, put a note inside with the name of a small prize, or put a cash prize right inside the balloon. Employees pay \$1 to buy a dart or tack to pop a balloon in hopes for a prize.

Show your fellow
co-workers
how you LIVE
UNITED.
